RE: Water and Sewer Rates

Pursuant to Section 9-19 of the General Code of the City of Chelsea, and subsequent to a Public Hearing held on July 15, 2014, I am recommending the Water and Sewer rates be established as follows:

Rates Per 100 Cubic Feet (748 Gallons)			
Usage per Month in Cubic Feet	Water	Sewer	Combined
Tier 1: 1-1,000	\$4.26	\$8.11	\$12.37
Tier 2: 1,001 -2,500	\$5.19	\$8.84	\$14.03
Over 2,500	\$6.21	\$10.16	\$16.37

The proposed new rates will be effective for the January 2015 billing period.

Approved
